PROFILE

I build web applications, test the workflows people rely on, and document how the system works. My background combines fintech research and software development with hands-on client project delivery.

EXPERIENCE

Founder & Lead Developer | Nexural

2024-present | Remote | Owned business and product work

- Built web applications and trading tools with React, Next.js, FastAPI, PostgreSQL, and Supabase.
- Implemented authentication, subscription and billing workflows, research interfaces, and API integrations.
- Wrote browser, API, and regression checks and documented failures, release decisions, and system behavior.

Senior Analyst & Full-Stack Developer | HighStrike

2021-2026 | Remote | Fintech experience

- Combined investment research with development of market-data dashboards, subscriber tools, and internal APIs.
- Worked on data ingestion and billing automation, with code reviews, Git pull requests, and async collaboration.
- Wrote investment analysis and technical documentation with attention to accuracy and data integrity.

Project Manager & General Contractor | Sage Ideas LLC

2016-2021 | Central Florida | Residential project delivery

- Managed residential remodeling projects and coordinated subcontractor teams, estimates, and day-to-day delivery.
- Handled client communication, issue resolution, project handoff, and sign-off.

SELECTED WORK | OWNED PRODUCTS AND PROJECTS

Sage Ideas Academy. A lesson-to-code learning loop with browser coding labs. Inspect the work.

Research dashboard. Retrieved evidence, cited answers, and visible abstentions. Inspect the work.

Release quality. A blocked dependency gate and the published rerun after remediation. Inspect the work.

TOOLS AND PRACTICE

Engineering: Python, TypeScript, JavaScript, SQL, React, Next.js, FastAPI, PostgreSQL/Supabase, Git.

Testing: Playwright, pytest, API and contract testing, regression checks, CI/CD, source validation, prompt regression, golden datasets, rubric scoring.

EDUCATION, CERTIFICATIONS AND TRAINING

B.S. Computer Science, Full Sail University (2012) | B.S. Finance, Kean University (2010)

Certifications: ISTQB CTFL | ISTQB Test Automation Engineer | ISTQB CT-AI

Training: AWS Cloud Practitioner, AWS Solutions Architect, AWS ML Foundations, Cisco Networking

Languages: English, Portuguese, Spanish
